

Taha Boulehmi

ENTREPREUNER/ PROGRAMMER

Motto: "IT'S NOT OVER UNTIL I WIN"

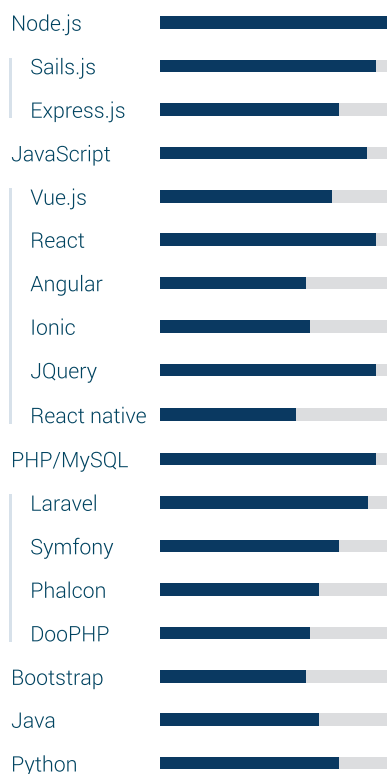

I am an Entrepreneur, Programmer, Web Developer, and Online Marketer . I'm Tunisian in my early-twenties living in Germany and majoring in computer science. With over 7 years of experience, I lead a pretty busy life wearing many hats. It's not easy but I really dig it ! I spend most of my time either reading or coding and working on my projects. If you like taking challenges, working on complex problems, bending the rules, Skydiving or just playing tennis, then we're alike !
